

# MANDZYUK PETER

FRONT END  
DEVELOPER

## SUMMARY

I am a professional web developer with 10 months of experience in web development and mobile applications development. In addition, I have extensive experience in building and automating business processes, setting up and analyzing advertising channels and creating sales landing pages, thanks to my previous experience in Internet marketing.

I worked a lot with CRM and its configuration, setting up business processes and integrating with other tools. Experienced in building automated sales funnels.
